NOTES:	
For the Loyalist Cove Marina procedures and policies, please review our website Customer Handbook as a guideline. Being unprepared for launch and haul out will result in extra charges.	
All Customers must sign Workorders, Agreements, Launch and Haul Out Checklists and provide proof of insurance.	
We use the LOA (Length Over All) measurement to determine the slip and storage fees. The LOA of a boat includes bowsprits, davits, swim platforms and other overhangs at the bow and stern. Our summer docks are in demand. This can change from one season to the next. Check with the office to get your name and boat details on our waiting list. Preference is given to those who summer and winter store with us.	
All Prices are Subject to HST 13% unless stated otherwise. Prices may change without notice.
